Majapahit Beach Villas

Majapahit Beach Villas is an exclusive complex of four luxurious villas resting beside the glistening black sand beach of Ketewel on Bali's south-east coast. Each three-bedroom villa boasts a private swimming pool, the finest furnishings and a five-star standard of service. Bounded by the River Wos and surrounded by terraced rice fields, tobacco plantations, papaya and banana groves, the magnificent setting is blessed with spectacular views extending across the ocean towards the beaches of Sanur and Nusa Dua, Lembongan Island and East Bali.

The landscaping and contemporary architecture of the shingle-roofed villas is based on traditional Balinese principles, utilising local materials and incorporating the essential elements of Balinese Hindu philosophy and symbolism. The complex was named after the ancient Javanese Majapahit Empire, a golden age that had a profound effect on the art, culture and political organisation of Bali. This theme is reflected in the grand proportions of the villas, together with the white Palimanan stone walkways and the terracotta brick walls that border them.

With a full staff and a dedicated chef, Majapahit offers great food and beverages and an exceptional level of service.
